

Message transmis par Iannis Dandouras <Iannis.Dandouras@irap.omp.eu>

Dear Colleagues,

We are in the process of preparing for submission to ESA the M5 Mission Proposal:
ESCAPE: European SpaceCraft for the study of Atmospheric Particle Escape

Attached is the executive summary of the proposal and (a still expanding) CoIs and supporters list.

If you wish to join as a supporter, please let us (Iannis.Dandouras@irap.omp.eu and M.Yamauchi@irf.se) know.

Please do not hesitate to advertise the mission objectives and ask your colleagues if they are interested to join also as supporters.
The proposal will be submitted on Tuesday, by the end of the day.

Best,
Iannis and Yama
