

**\*Europlanet 2018 Workshop - Planetary Atmospheric Erosion \***

A Europlanet workshop on "Planetary Atmospheric Erosion" will be held June 11-15 at Puflene Resort, Murighiol, Romania. Puflene Resort is located in the Danube Delta - where the Danube River meets the Black Sea.

The objectives of this Europlanet workshop are:

- \* to discuss processes and mechanisms for atmospheric erosions in planetary atmospheres.
- \* to present upcoming and proposed missions within this field.
- \* to explore collaborations and funding opportunities.
- \* to discuss new ideas, challenges and solutions.

The workshop will be a mix of tutorials, presentations and ample time for discussion.

Travel support is available for a limited number of selected participants, in particular for early career scientists from Europlanet Inclusive states.

The deadline for hotel booking is April 15, 2018.  
The deadline for abstract submission, early bird registration, and travel support application is April 30, 2018.

Further information can be found on the workshop website:
