Dear Colleagues,

ISSI is releasing its third call for proposals for the Johannes Geiss Fellowship (JGF). The JGF has been established to attract to ISSI - for limited duration visits - international scientists of stature, who can make demonstrable contributions to the ISSI mission and increase ISSI's stature by their presence and by doing so will honour Johannes Geiss for his founding of ISSI and his contributions to ISSI, and for his many contributions to a broad range of space science disciplines. Please find the complete Call for Proposals 2017 in the attachment.

Feel free to distribute this announcement to your colleagues who might be interested in it.

Best regards,

ISSI Team
