Dear CEDAR Community

Get the chance to work with engineers and scientists on projects related to ongoing research on upper atmospheric physics, hardware and software development, and signal processing.

Given its location, capabilities, and instrumentation, the Jicamarca Radio Observatory (JRO) is a unique research facility and the perfect place to start your career in the world of science!

JIREP is offered to junior/senior undergraduate, and/or first and second year graduate students. The program will cover the travel expenses (to and from Lima) as well as a reasonable stipend.

This is the opportunity to get valuable international work experience and get to know Peru, heir to ancient cultures and rich colonial tradition!

How to apply?

Additional information, application and recommendation forms are available at our website: <http://jro.igp.gob.pe/jirep/>. If you have questions, please do not hesitate to contact us at [jirep@jro.igp.gob.pe](mailto:jirep@jro.igp.gob.pe)

- \* Application deadline: February 16, 2017
- \* Decision: February 28, 2017
- \* Starting date: Anytime between May 17 and June 19, 2015
- \* Duration: 10 weeks

You can find us in Facebook: <https://www.facebook.com/JIREP.PERU>

PS: To get an idea of what our previous students think about the program, you can read their testimonies at <http://jro.igp.gob.pe/jirep/testimonies.html>

Looking forward to see you at JRO and Peru in 2017.

Dave, Marco and Danny
