

Dear SWWT colleagues,

Within the frame of COSPAR's Panel on Capacity Building, a workshop will take place this summer in Kamchatka focussing on space weather.

<http://cospar2016.ikir.ru/cospar-content/home-page/>

The workshop is a 2 week training event targeting primarily students and young scientists. Please don't hesitate to advertise this event amongst potentially interested colleagues noting that the initial deadline for applications is coming up on 15 March 2016.

Best regards,
Alexi
