

Dear Colleague,

*We are pleased to announce that the 5th **VLASOVIA conference** on the theory and applications of the Vlasov equation will be held in Copanello, Italy, on May 30 - June 2, 2016(<http://www.villaggioguglielmo.it/>).*

This event aims at providing an up-to-date summary for scientists working in the field of Vlasov theory, to discuss the latest results and related applications. The workshop will consist of invited presentations, contributed talks, and posters.

Further information is included in the attached First Announcement.

Looking forward to welcoming you in Copanello,

The organizing committee.

PS: Our apologies if you receive this message more than once.
